SUMMARY

I am a hardworking, honest individual. Punctual and motivated who can work in a busy environment and produce high standards of work. I am a good timekeeper, always willing to learn new skills. I can work well both in a team environment as well as using own initiative. I can work well under pressure and adhere to strict deadlines. I am a tech enthusiast who enjoys connecting the dots: be it ideas from different disciplines or people from different teams. I have an academic background in B.tech in computer science and engineering and strong technical skills in programming, problem solving, app development, web development, graphic designing and video editing. I have taken various leadership roles leading NSS DITU as a Design head (2021-2022), Secretary (2022-present).

PROJECTS

- **EXPENSE ANALYSER :**
 - It is an app made in Flutter framework.
 - In this app, the user can add their daily expenses which will help them know their total budget remaining and the total amount that they have spent.
 - Personally, as a student, I have always felt the need of an app which can track my expenses and help me organise my budget .
 - The app I have designed is not just for students but also for people across all age groups and will lend a helping hand to all those in need of an effective budget planner.
-
